M.I. AT INSTRUMENTS EXHIBITION

BUYERS from all over the world came to the Second British Instruments Industries Exhibition at Olympia. British Instrument Manufacturers export nearly forty per cent of their production, an income of about £14,000,000 a year.

Marconi Instruments and English

Electric shared a stand, exhibiting a selection of communications instruments and industrial measuring equipment. A special attraction on the stand was the well-arranged viewing room fitted with a projector, where visitors saw coloured illustrations and data of M.I. products.
